Bead crochet offers exciting ways to use and play with beads. In this class, you will learn some of the bead crochet techniques used in making Turkish "Oyas," the decorative endings of scarves. These patterns will then be used to create lovely delicate bracelets.

It is essential that you are a competent crocheter. We will be doing some complicated techniques working with a small gauge threads. You must know how to chain, slip stitch, single and double crochet. If you can read diagrams - great - but no worry - if not I will teach you and will provide written instructions.
