I have just been informed of this sad news and all I can think about is how much I will miss her but how lucky I was to have met her. In the short time that I have known Kaethe she has been so supportive and inspiring to me. Her knowledge and generosity made me feel like I knew her for years. Her wit and great personality entertained me every time I would visit her shop. I feel a great loss, so I can only imagine what her family and workers must be feeling. My prayers and sympathy are with you all. She was a wonderful lady and I am grateful to have known her.

Kaethe shared my own late mother's birthday of February 6th, and she also displayed many of the same wonderful qualities. I am deeply saddened by her sudden and premature departure, and I give my sincerest condolences and best thoughts and wishes to Jules and all the family.

I had the pleasure of meeting Kaethe only a few months ago, when she was kind enough to allow me to photograph her magnificent collection of laces. I was struck by the vitality, depth of knowledge and love she had for the art of needlework. Her driving force in the industry will be sorely missed. Please accept my sincere condolences. When I first met Kaethe, her warmth and graciousness was such that I felt I was with an old friend. Over the years, whenever I went to the shop, I left with the item I needed, helpful suggestions from Kaethe about how to make my project a success, and most of all the pleasure of a few minutes' chat with her. Her generosity of knowledge and of spirit enriched the lives of all who knew her, and she will be much missed. My condolences to her family on the loss of this delightful lady.

I was very sadden to hear of the sudden death of such a wonderful Lady. I never had the pleasure of knowing Kaethe, being the other side of the pond, but I have had great pleasure in her tatting publications. Especially Rosemarie Peels books. I will continue to have many happy hours thanks to Kaethe dedication to tatting she will be remembered fondly alway. Bless her memory :-)) Love, light & peace Sue Hanson She will be well missed... but live on in our tatting. :-))

We don't get to choose when we come into this world and, despite our best efforts, we don't get to choose when we leave it. What we do get to choose is how we live our lives during the short time we are here. Kaethe chose to live her life as one who serves and loves others. This is witnessed by all of you who have shared your memories of Kaethe in her guest book. I will always remember her contagious smile. I want to thank Kaethe for loving me and being my mom over the past 23 years. I love you and I will miss you, mom. May you rest in peace.

I knew Kaethe for the 12 years I've owned AlterYears, mostly stopping by their booth to visit with her and with Jules, while I placed orders at the various conventions. Her knowledge was vast and her enthusiasm and good humor made each encounter memorable. She was a great asset to the costuming community and will be deeply missed. Heartfelt condolences to Jules and the rest of her family.

It is with great sadness that we at the Lace Museum in Sunnyvale, CA. received the news of Kaethe's passing. She was the mentor, final authority, and cheerleader for the establishment and ongoing existence of our museum. We will miss her greatly! Our thoughts and prayers are with her family as they deal with this great loss. We at the Museum will endeavor to create a memorial that is most fitting to a lady who has done so much to promote the love of lace and its history in the U.S.

I have been immersed in Living History for about 20 years now, and I was first introduced to Lacis and Kaethe at that point. What a wonderful resource and knowledgeable person Kaethe was! I haven't been able to get down to Berkeley as much as I'd like to these past few years, but when I did, Lacis was the one place I would definitely visit. Kaethe's guidance made Lacis a destination that I have heartily recommended time and time again to new Docents at Sutter's Fort, and to anyone else who was looking for a special book, or information. My most sincere condolences to Kaethe's family on their loss.

I keep holding on so strongly to the image of your hands - not believing that I will not hold them tightly for one last time. Kaethe I love you so much and will so miss the big smile and hug and strength of your hands and voice. I feel so far away in New York. I see Kaethe as someone who experienced and taught others to appreciate the incredible delight in our senses and our ability to create. I see her enjoying a breathtaking scent with her whole being; loving her passions and routines with the same zeal as if it were the first experience of them -- a piece of candied ginger; the crust of the bread; the perfect spice; a fresh fresh fruit; a pure texture; a beautiful piece of handmade lace. Kaethe was an incredible Aunt and friend to me -- I lived and worked with her 15 years ago after completing college. She made me believe I could create anything I pictured in my head with my hands and she constantly created new pictures and added life and color to whatever was in front of her. Jules, I am so sorry for this great loss for you each minute. Tara, Storrie, Aleso and Perrin

-- I love you all so much and you each have a piece of your mom in you -- you are such unusually talented, competent, giving and loving people and the source of incredible joy and pride to her. Love, Nancy

I have always looked forward to seeing the Kliots at the TNNA shows in their booth filled with treasures not to be found elsewhere. Just this past June afforded such a visit and I am saddened by the loss of such a gracious and knowledgeable member of the needlework community. I have the pleasure of growing up across the street from the Kliots and being friends with the family, especially Storrie and Aleso, who are my age. Many are the slumber parties hosted by Kaethe and Jules. I loved her store, and her knowledge of the textile arts, especially lace making. I was so happy knowing that someone as dedicated as she was keeping the tradition alive. Kaethe was a true original, mother, business woman, artist. She helped raise wonderful, talented, happy children, no small task, as well as built from scratch a place that seems indispensable, Lacis. I was truly saddened to hear of her sudden passing. My condolences to her family.

It seems so strange that Kaethe is gone. She was always so vital, never lacking for an opinion, always deeply caring. I worked for her throughout high school and college. Customers would assume that I was her granddaughter, and we would just smile at each other and let them think it... and in my heart, it was true. She was a beautiful spirit and the world is a poorer place without her. All my love and condolences to the family.

I have spoken to Kaethe many times over the phone. I am glad someone did let me know of Kaethe's passing for I would have been calling Lacis and asking for her which is what I always did. I will miss her for she was a very informative person when it came to lace and other things. She will be missed by many.

Dear Kliot Family; Our prayers go to you from all of us in our area. Kaethe was always wonderful to talk to, to ask questions of, and just to have fun having someone else around who enjoyed textiles with such love, care and knowledge. Just think what Heaven has gained, and how much she will have fun catching up with those who have gone on ahead of her and all the lace makers from past history she will be with. Again our prayers go with you.....

We loved Kaethe. She was full of life and active every minute. We wish we could have spent more time with her. I feel privileged to have had her as a friend for over half a century, my wife Dorothea met her about a quarter century ago and felt like family from the very first minute. The highlight of our visits to the Bay Area was always the time we spent with Kaethe and Jules. Goodbye Kaethe, we will miss you. You will always be in our hearts.

Lacis was Mecca for needleworkers, and Kaethe Kliot was the high priestess. She was always ready with advice, instruction, opinions (always right too) and materials for her acolytes. Any time I came to the Bay Area, I brought my work to show Kaethe, because her encouragement and advice were invaluable. Textile art has lost a guiding light. The knowledge, skill and love for the art Kaethe Kliot embodied will not be seen soon again.

I was just thinking of Kaethe the other day, getting nostalgic for the Bay Area and missing the nice people I knew there. She was very kind and helpful to me when I was a newbie - I didn't have much knowledge or money, but it didn't matter to her. She was one of the people who helped me find what I needed. I loved the store and enjoyed coming in to see her and the other regulars. Blessings and good luck to her family and friends. And to Kaethe, thank you!

About three minutes ago my associate, Ina Kohler, in our New York office called sounding shocked and sad. And now I too share those same feelings and reactions. Kaethe was a delight, a warm, friendly, and giving colleague in the publishing business. We always made it a point at trade shows to seek out Jules and Kaethe. While Jules is always a delight to gossip with it was Kaethe who wasn't the tough

I met Kaethe at the 1979 IOLI convention in NYC. I had been making less for a very short time. We had a lace trip to the Cooper-Hewitt museum and she kindly pointed out different kinds of lace, how it was made, what was upside down... and we sat together during the following slide show. I learned so much from her in that short time. I am very sad to hear she is gone. My condolences to the family.

How can it be that Kaethe's enormous energy is stilled? How can there not be a Kaethe to consult? To inquire of the best way to do anything? I'll never forget our first meeting. I thought she knew everything about everything. I still do. The store shifted over time, always restless, I thought. I will miss the pulse of Kaethe's rhythm in the place. I feel honoured to have met Kaethe on several trips to Lacis. Although I could not get there very often, each trip is memorable because of Kaethe's clear love of all the beautiful things in the shop and the extent to which she generously shared her extensive knowledge of textiles. My sincere condolences to Jules, the children, and all of the Lacis friends and family. Kaethe was truly a unique and unforgettable lady. She sold me my first tatting shuttle and book back in the '70s and later helped me with bobbin lace, cardweaving, period costuming, and various other textile arts. Just a couple of months ago, she sat with me and gave me advice on how to do Youghal lace. Kaethe always knew just the right thing to help me along, and I am glad to have considered her a friend. Many years ago, when I was a young lacer, I met Kaethe and Jules at a convention. They were both very kind to make me feel at home. Their book was one of the very few available at that time. I most remember the wonderful smiles between them.

Very few times in my life have I had the opportunity to experience a person as unique as Katie. Far fewer times than that have I had the great honor to consider such a person a friend. Whenever I needed to recharge my spirit, I knew that a visit to Lacis would do the trick. Sometimes I would spend a precious few moments just watching her work with a client. Katie gave me my first lesson in bobbin lace. I taught her how to make a flower out of a straw thread. Sometimes we would talk about things we both loved, about what she had learned to do as a child, or even about a new treasure she had found somewhere. It really didn't matter what we did, I would leave feeling great. While I might wish that we still had her, if I were to choose between the pain of losing Katie far too soon and never having known her, there is absolutely no decision to be made. As much as I miss her now, I simply cannot conceive of never having been in her presence. I will be talking to the Lace Museum about a scholarship in her honor. I also intent to establish a special award in her name at the California State Fair in both the Lace and Wheat Art categories. She has given me, personally, so much joy that I consider it the least I can do. Katie has touched so many people in so many ways. She will NEVER be forgotten by any of us who knew and loved her. God bless. Kathie Fields

Kaethe embodied the most incredible virtues; she was kind, compassionate, fun, generous, loving, strong, elegant, and absolutely brilliant. She had so many gifts, that she shared with the world. I was fortunate enough to be one of her many friends. Kaethe became a role model to me; she possesses the qualities that make the world a better place. Her Knowledge was endless, and so were her stories, what an amazing life. What an incredible lady. I will miss her greatly, fortunately Kaethe will continue to live in all the people she touched.

Kaethe will truly be missed by all of us at Stonemountain Fabrics. I am so grateful that she was recently in my store and we had another wonderful connection of the heart and mind. She always had something quick and snappy to say! For over 20 years, we have created "sister" stores between us...never was there competition. We even bought our RIT dye together for years. When I closed out our high-end bridal laces, Kaethe bought what I had left - she loved a great deal! I will miss having Kaethe to talk with and share with. Her knowledge, wisdom and brilliant ability to help others and make the world a sweeter place to live inspire me greatly. My deepest sympathies and prayers go out to Jules and the children. I was at Lacis on Saturday and was devastated when I heard that Kaethe was in a coma after a stroke on Friday night. I knew something was terribly wrong when I received messages on Monday that the classes that I had signed up for in September and October were canceled. I was numb when I called back and found out that Kaethe had passed away. I felt like we had just lost one of our National Treasures. Kaethe had been as feisty as ever when I stopped by there on Thursday and I could not believe this vibrant woman with the indomitable spirit was gone. Kaethe gave me this sweet little cloth doll head with a little lace ruffle when she saw me admiring it, as I was about to leave the store on Thursday. It touched me so much because it reminded me of something my Mom would have made or liked. And of course I will now treasure it even more as it was the last time I ever saw Kaethe. My own Mother passed away in December and I am still so devastated by the loss. In some ways I thank God that my Mother lived for about 10 months after the diagnosis of cancer but it was horrible seeing her suffer and in so much pain. While I'm sure you are grateful that Kaethe was not in

pain or in pain for very long before she passed away but my condolences that you had so little time to say goodbye. I'm sure that Kaethe would have hated being hindered by any disabilities that she might have had from the stroke had she lived. I feel such a sense of loss not only for the potential closure/change of such an incredible store but also for the loss of such a warm, caring, unique and wonderful woman that I have gotten to know. She was like a shining star. And while we can no longer see Kaethe's bright shining face, the glow of the pixie-like dusting of knowledge that she sprinkled on so many will live on and on. You must have been blessed to have a wife and mother and employer like Kaethe. Patrice

I have such fond memories of meeting Kaethe and Jules at a "Booksellers" Convention in Chicago several years ago when I attended that meeting with Jules' sister, Rochelle Follender. Both of "Shelly's" brothers and their wives were there, and we had such wonderful dinners out together. I fondly recall being included immediately in this loving, caring family circle...truly enjoying the habit of ordering several entrees to be shared by the entire gathering. Kaethe's charming personality and giving spirit will always be remembered by those who were touched by her life. I can only imagine how much you all miss her.

What a beautiful photo of two loving people. It is very sad indeed to hear the news of the passing of such a wonderful person. I was on the Public relations committee in 1974 when Convergence 74 came to the Bay Area. With the Time magazine coverage of the wrapping of the Transamerica Building, the world knew about it and the people who would attempt such a giant fiber event. I love the store and have taken many visiting fiber artists there so "show off" my friend Kaethe and her amazing collection of laces and trims.
